

SMART MIV INFRA-RED

Can be installed on VERSO 350, LAB System

Bright chrome

Light matt chrome

- Modern and smart design
- Made from aluminium alloy
- Decorative versions: bright chrome or light matt chrome
- Fingerprint proof varnish for light matt chrome version
- Automatic pan rinsing
- User does not need to touch buttons, which prevents bacteria, mould and fungi transmission
- Vandal resistant
- Simple flush
- Automatic infra-red actuation:
 - senses user presence after 12 sec.
 - infra-red beam reaches a distance of 60 cm and has a 22° radius from sensor
 - flushes once user has left
 - servomotor flush valve actuation
 - very low voltage power supply (using transformer)
- Failure function:
 - Actuation can be performed thanks to mechanical button
 - Actuation force below 20 Newton
 - Button and plate perfect alignment thanks to metallic springs
 - Accurate and neat actuation feeling thanks to metallic springs
- Shock absorbers for preventing buttons to shock against the frame
- Smooth actuating screws to avoid operating noise
- Hand cuttable fixing and actuation screws for adapting length to cladding
- Can be used as hatch for reaching cistern equipment
- Cladding thickness between 16 and 100 mm
- Frame back pads to allow stability on the cladding
- Cannot be installed on VERSO 350 SpinAir WC
