

FIXING INSTRUCTIONS

IMPORTANT

Before starting work please...

- Read carefully these instructions.
- Remove all protection from pottery and check for surface damage or defects as no responsibility can be accepted for obvious defects after installation.
- Check all parts against the parts list.
- Prepare a firm working surface (e.g. floor or bench) for cistern assembly, covering work surface with a cloth to prevent scratching the glazed faces of the cistern.

WARNING

Alterations to these cistern fittings
may infringe water regulations and will
invalidate our Guarantee

WRAS Approved Inlet Valve COMPACT 99B
WRAS Approved Outlet Flush Valve STORM 33
WC Suite UK Water Supply compliant

PARTS LIST

- ❶ 2 x Cistern fixings
- ❷ 1 x Sealing gasket

- ❸ 1 x Fixing instructions
- ❹ 1 x Button

ASSEMBLING THE CISTERN

- ❶ Assemble fixing bolts to cistern as shown

- ❷ Place gasket onto outlet valve

③ Secure cistern to WC with locking nuts

④ Connect water supply to inlet valve
N.B. : Make connecting tightness with filter seal.

WARNINGS:

- 1 - Do not overtight in any case.
- 2 - Do not use any sealing paste and/or compound in any case
- 3 - Do not use connector handling the internal part of the inlet valve.

SIAMP will be not responsible in case these warnings are not respected.

An approved double check valve or some other no less effective backflow prevention device shall be fitted at the point of connection(s) between the supply and the fitting.

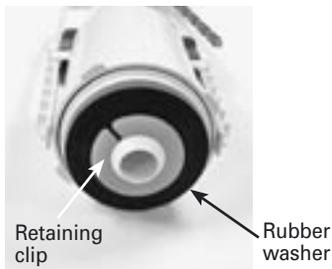

⑤ Assemble push button as shown

SERVICING THE VALVE

Remove valve from cistern as shown

Remove clip and replace the washer

CARE INSTRUCTIONS

Wipe around the pan, cistern, seat & cover with soft damp cloth. DO NOT use scouring powder or abrasive cloths or scourers.

Due to continuing product development we reserve the right to update and amend technical details without prior notice.

CONSUMER GUARANTEE

We are proud of our products and guarantee them against faulty material or manufacture.
