

FIXING INSTRUCTIONS

CAMBRIDGE / TEMPO

IMPORTANT

Before starting work please...

- **Read carefully these instructions.**
- **Remove all protection from pottery** and check for surface damage or defects as no responsibility can be accepted for obvious defects after installation.
- **Check all parts against the parts list.**
- **Prepare a firm working surface** (e.g. floor or bench) for cistern assembly, covering work surface with a cloth to **prevent scratching the glazed faces of the cistern.**

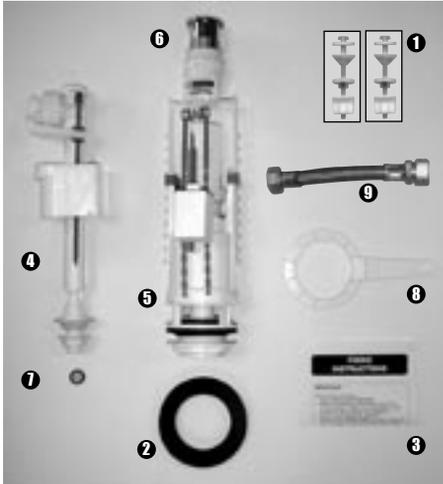

TO THE INSTALLER

Please leave this instruction for the consumer

WARNING

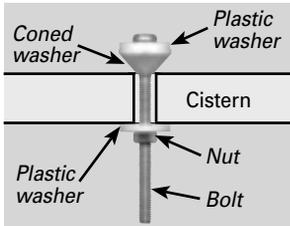

**Alterations to these cistern fittings
may infringe water regulations and will
invalidate our Guarantee**
